The Honorable Sam Graves
Ranking Member
U.S. House Transportation and Infrastructure
Committee
2167 Rayburn House Office Building
Washington, DC 20515

Dear Chairman DeFazio and Ranking Member Graves,

I am requesting funding for the Route 104 Intersection Improvement Project in the Town of Ontario, New York, in the 2021 surface transportation reauthorization legislation.

The sponsor for this project is the New York State Department of Transportation (NYSDOT), and this project would be carried out on Route 104 in the Town of Ontario, New York 14519.

The requested funding amount of \$1,254,400 would be used for intersection improvements on Route 104 at multiple points in the Town of Ontario. The project is an appropriate use of taxpayer dollars and is anticipated to have important safety benefits for my constituents and the surrounding area. As included in the New York State Department of Transportation (NYSDOT) Transportation Improvement Plan, this project is intended to reduce vehicular crashes on Route 104. Additionally, the state has certified that the project was certified by the regional safety evaluation engineer and the regional traffic engineer.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your attention and consideration of this request.

Sincerely,

John Katko
Member of Congress
